The Rocks Family

Pastors and church planters in Florianópolis Brazil, working with the Brazilian Association of Vineyard Churches to plant churches and train leaders in Florianópolis

It's been a busy year since we left the UK to head back to Brazil after our home leave last year. As we look back over this past year we are incredibly grateful for all that the Lord has done here.

In May we moved to a larger more central facility in our neighbourhood, with the help of St Michael's HOTC tithe fund. We have seen the church grow significantly, and members of the church stepping up in their commitment to serve in different areas of ministry, such as work with youth and children, the pastoral visiting team, evangelism etc. It's been a joy and a privilege to see the new people that God has added to the church family and their stories of transformation.

In February we planted a new congregation of our church in the neighbouring city of São José.

This year we are looking forward to hosting the national Vineyard youth conference, hosting our 4th conference with New Wine International, starting the New Wine Discipleship Year (a residential discipleship training course at our church), and hopefully receiving a team from St Michael's on a mission trip.

We would like to take this opportunity to say thank you to everyone at St Michael's for your ongoing partnership in the Gospel, which is helping to change lives here in Florianópolis.

Prayer Points

- Pray for us as a family, for God's blessing over us, that we would flourish as we serve Him here, and that we would find balance between family life and the demands of ministry.
- Pray for our church family, for continued growth numerically and in maturity as we seek to make disciples who make disciples.
- Pray for the new congregation plant in São José, that God's hand would be upon it, and that it would be the first of many new plants from the church.
- Pray for God's hand upon the different events that will happen this year, and for the New Wine Discipleship Year we will start. Our vision going forward is to develop a training centre for leaders and church planters here.
