IN SUMMARY

www.univida.org

1. UNiViDA provides Christian education for 260 children age 7-14 in the **slums** of Fortaleza, Brazil.
2. Children go to state schools, but only for 4 hours per day. UNiViDA offers 4 additional hours of **education** / child / day.
3. UNiViDA's focus is on restoring hope for children who often fail to believe they can achieve anything in life because of the conditions they live in.
4. Children enjoy nutritional food, clean water and classroom education. Each day begins with worship and prayer and every child has the opportunity to know Jesus as their personal Saviour and source of hope, love and joy.
5. **Thanks** to support from St Michael's UNiViDA is currently completing an extension to the kitchen which serves 7,000 meals per month.

Prayer Needs for UNiViDA

- For children facing hunger, violence, and abuse in the slums.
- For our staff team as we discern how we can best minister where there are so many needs.
- For all those in authority as Brazil goes through a dramatic change of leadership.
