

Prayer Diary

Sunday 8 to Saturday 14 February

Sunday

Give thanks for all those who are part of our faithful Tech team, who serve quietly and diligently at our Sunday services and other occasional midweek events. May they know that their service matters, and ask that they would be encouraged, equipped, and uplifted as they undertake their tasks. Please pray that there would be no technical glitches for those on duty today!

Monday

Our PCC members gather for their first meeting of the year this evening, where their agenda items will include: a report back from the recent Leadership Team vision day; and a report from the Events team. Give thanks for all who serve faithfully on the PCC, and please pray that God will clearly guide them in their discussions tonight.

Tuesday

As the discernment process continues to appoint the new Bishop of Bristol, please pray for guidance, wisdom and judgement for all involved in the process. Ask that God by His Holy Spirit would lead every conversation and decision, shaping a shepherd who will serve the churches in the Diocese with compassion, courage, and faithfulness.

Wednesday

Some of the many events in the church calendar today include Afternoon Fellowship at the SG Retirement Village; and this evening at the Church Centre, the latest sessions of our current Alpha course, the Practicing the Way group, and our Kintsugi Hope Men's Wellbeing group. Please pray that all participating would know God's presence.

Thursday

Our friends at Holy Trinity Stapleton ask us to pray for the planning and fundraising for their church re-ordering project, to make the building more flexible and accessible. Please pray too for the detail and outworking of their new vision and strategies; for the leaders and guests at their first Alpha course, currently ongoing; and for the recruitment of a Children's Ministry leader.

Friday

Please remember our young people who are studying away at university, praying that God would strengthen them with wisdom, friendship, and faith. Pray too for those students from elsewhere who worship with us, that they may find a home, encouragement, and purpose in Him. Ask that God would keep them all rooted in His love, growing in hope and confidence.

Saturday

Please pray for good conversations and fellowship at this morning's monthly Saturday Breakfast with guest speaker Rowena Worthington, Church Engagement Manager for Embrace the Middle East, one of our new Mission Partners. Rowena will be sharing about the work they do, and the families they support. Pray too for this morning's monthly Repair Café session.
