

The Rocks Family in Brazil

We felt a strong call to Florianópolis to be part of planting biblically-based, grace-filled churches that are empowered by the Holy Spirit in a culture longing for authentic community and a safe, informal and relational environment to explore faith.

Our role is to plant a church that will go on to plant other churches. We want to share Jesus with others and help folks grow as disciples through spiritual input and providing practical opportunities for them to put their faith into action. We currently lead a newly forming church, training and equipping the core team, run a couple of Alpha courses, engage in street evangelism and are seeking to serve the local community.

Mission Statement

Extend God's Kingdom in all spheres of life through evangelism, discipleship and serving our community and beyond, enabling people to be missionaries in their day to day lives.

Next steps

We hope to acquire a building that can be used throughout the week to serve the local community as well as for church meetings.

Link with St Michael's

We are really grateful for our link with you guys, for the ongoing friendship, prayer and financial support. It was great to have received the team here over Easter and we look forward to receiving many others.

For prayer:

- God's provision as we seek to find a building for the church to meet and use to engage the community throughout the week.
- Pray for God to continue to build up and grow the church numerically and in maturity.
- Pray for good health, blessing and protection over us as a family.

God bless,

Jimmy, Katia, Joanna & Davi
